Dear Child Alert Program Participant,

Thank you for your interest in our Child Alert Program. What this program does is provide us with integral information for youth in our protection area with special medical conditions or circumstances. This information allows us to provide the care that is intended by the child's parents/guardians and/or physician(s) if one is not present during an incident. The information that you provide us is kept in our EMS apparatus and on file with our local Dispatch.

Please complete the attached questionnaire with as much information as possible in case EMS is requested for your child. This information will only be used by Police or EMS during an incident that involves your child. If any of the information needs to be updated, you can contact us at any time to update it. Just contact us at (262)375-7630 and schedule an appointment with one of the Rescue Company Officers:

Captain Nichole Zarling – extension 6176
Lieutenant Blake Karnitz – extension 6190

If at any time, you decide you no longer need to participate in the program, please notify us and all records will be removed from our systems and securely disposed of. Feel free to contact us at the number above if you have any questions.

Thank you,

Rescue Company
